CLINICAL EXPERTISE

Psychological Testing and Evaluation – I am trained and qualified to administer, score, and interpret both objective and projective testing instruments, including, but not limited to the Personality Assessment Inventory, Minnesota Multiphase Personality Inventory (MMPI), Thematic Apperception Test, and a host of other testing Instruments.

Clinical skills include brief and long-term psychotherapy (individual and family) for adults, adolescents, and children involving depression, relationship issues, criminal street gang involvement, anxiety, bipolar disorder, and other diagnoses. Evaluations, assessments and diagnosis performed. Highest professional level of “3” received from Pearson Assessments.

EAP experience with employees of all levels. Effective interface and liaison between employees and outpatient services, families, insurers, and the employer.

Expert witness consultation and testimony – Counseling: standard of care. Criminal street gangs: psychological issues, organizational structure, culture & co morbidity with mental health issues.

Forensic evaluations in criminal justice housing issues – adult & juvenile, gang membership, employment matters.

Communicated and worked successfully with attorneys in death penalty, RICO, state and federal cases and psychological evaluations. Worked collaboratively with the Jerome Frank Legal Services - School of Law, Yale University. Selected as Gang Expert Panel Member, Harvard University School of Public Health, Education Development Center, Charles Shannon Community Safety Initiative.

Clinical and court experience with people of various ethnic backgrounds (African-American, Latino/a, Native American), varied socio economic levels (urban, suburban and rural), clients and patients incarcerated (adult and juvenile), clients and patients on parole and inmates serving life without parole and living on death row.
